Dear Mr. Glasson:

On October 25, 2004, the Department of the Interior approved a mining plan modification for Federal lease UTU-79975 at Andalex Resources, Inc.'s Centennial Mine. This mining plan action relates to Federal lands associated with the Utah Department of Natural Resources, Division of Oil, Gas, and Mining's State Final Findings and Supporting Documentation, Summit Lease Tract - Incidental Boundary Change, Andalex Resources, Inc. Centennial Mine, C/007/019 approved on September 3, 2004.

I have enclosed a copy of the mining plan approval document and associated map for this new mining plan. Please read the terms and conditions of the mining plan approval document carefully. Mining and reclamation operations must be conducted in accordance with both the Utah state permit and the approved mining plan.

The October 25, 2004, approval allows you to initiate coal mining operations in Federal lease UTU-79975 within the area of mining plan approval.

If you have any questions, please contact me at (303) 844-1400, extension 1500.

Sincerely,

Carl R. Johnston
